Galerie-Informationen | Gallery Information

ABEL Neue Kunst opened in 2000 as a project room and continues the work of the German-Dutch Art Foundation KUNST-RUIMTE BERLIN. Today the gallery promotes emerging artists. The gallery exhibitions reflect upon the phenomenon of globalisation in the media, as well as on the conditions of producing art in an age of dissolving cultural boundaries. Furthermore the possibilities to open up new rooms for manoeuvre through contemporary art are debated.

ABEL empowers young art!
